Dear Sir:

A newspaper clipping was turned over to this Bureau several days ago by Mr. Hill Pope, the coroner of Walker County, Georgia. We do not know from whom this clipping came but it has reference to a young man by the name of RONALD TAMMEN, a nineteen year old sophomore who disappeared from your institution approximately two years ago.

Someone had evidently secured knowledge whereby we were trying to identify a badly decomposed body that was found on the outskirts of LaFayette, Georgia, on June 24, 1953.

This investigation is still pending, and we are still endeavoring to ascertain the identification of this body.

It will be appreciated very much if you will give us the full details and complete description of Ronald Tammem so that we may compare them with the identification of the unidentified body.

Your response to this communication will be appreciated very much and we will do everything in our power to assist in locating the subject Ronald Tammem if he should be in our territory.

Yours very truly,

Delmar Jones, Major - Director
GEORGIA BUREAU OF INVESTIGATION
