Dear Boss:

This has been a memorable day in the history of the 49-year-old Identification Division. You were most generous with your time and on behalf of our 3400 employees I want to again thank you for your visit and for "acting like a regular human being." Your visit will have continuing benefits in the months and years to come.

After reading your speech to be given in Hot Springs tomorrow and hearing your comments at the Executives Conference this morning I recalled the attached editorial which the ABC television affiliate in Omaha did on the ten o'clock news the night before I left to report for my assignment here. It quite accurately portrays my attitude toward dealing with the news media and I believe it is on all fours with yours.

Please keep in mind that Ruth and I will be privileged to have you and Mrs. Kelley in our home whenever you can make it or, if that does not work out, maybe you can come out some evening when you are in town alone.

Sincerely,

Fletcher

EDITORIAL

February 27, 1973

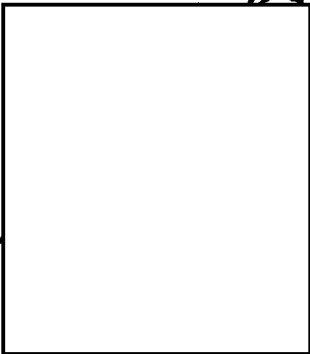

A fairly new citizen to Omaha is leaving before we really reap the full benefits of having him around. Fletcher Thompson, the Special Agent in charge of the Omaha Office of the F.B.I., is leaving at the end of the month for duties that elevate him in the ranks of the Federal Agency and send him to Washington, D.C. In the short year and a half that he has been in Omaha, he has contributed greatly to the prestige of the F.B.I. and to the respect that the people have for that Agency. Thompson is a man who has great confidence in the people. His prime concern has been to keep them informed and he believes deeply in the right of the public to know, and that if they do know, they will act responsibly. Thompson has often praised the public for its contribution toward crime fighting and in helping law enforcement agencies to find and apprehend criminals. He believes that law enforcement and the people must work hand in hand and from that will come a trust and a confidence in each other that can help put a stop to crime and permissiveness in our society. Sometimes, the final consequences of a criminal act are brutal. They end in death and some call for hiding such acts from the people because they might reflect badly upon law enforcement. But, Fletcher Thompson believes such consequences must be known, because they are the truth and the people have a right to the truth. He believes if you are honest with the public, they will be honest with you and trust you. We are sorry to see this man leave our community so soon, but congratulate him on his promotion in a great organization.

Dear Mr. Kelley:

Recently, I had the opportunity to be in the Washington, D.C. area for a wedding of a nephew. Through the good offices of Mr. Bob Bradner, Agent in Charge of the Toledo, Ohio office, and Mr. Frederick C. Fehl, Agent in Charge of the Cleveland, Ohio office, arrangements were made for my family and myself to have a tour of the F.B.I. facilities and to visit the Identification Section and the N.C.I.C. Operations, and meet Assistant Director, Fletcher D. Thompson, whom I had met and worked with when he was an agent in the Toledo office.

I would like to take this opportunity to express my appreciation for the cordial treatment I received from Assistant Director Thompson, Agent Pat Murray of the Systems Development and Design Section and the agent who conducted us on our special tour. My wife, my son and daughter-in-law as well as myself found our visit most pleasing and informative.

Dear Boss,

I just returned last night from a speaking engagement (League of Nebraska Municipalities) in Norfolk, Nebraska. I had an opportunity to visit briefly with several of my friends and SAC contacts of the news media and I thought some of their observations would be of interest to you.

One of the news men from a TV station in Sioux City had been sent over to cover your recent press conference in Chicago. The thing that really impressed him (and he said this was true of the others) was the fact that you took the time to go around and shake hands with each of them. I know this is a very natural gesture of friendliness for you but it is also excellent public relations for the image of the FBI.

I know we have never lost the Midwest and the people there are not necessarily typical of those in some other parts of the country but I did note an almost desperate desire on their part that the FBI should remain as the one Government agency in which they could have confidence.

The most difficult but perhaps the most worthwhile thing I did during my one and one-half days in Nebraska was to drive down to Lincoln to see Harmon Ogren, the Senior Resident Agent who is the most courageous person I have ever seen but unfortunately he is rapidly losing the battle with cancer. Like myself, Harmon started his FBI career in Ident. I found the most dilapidated and beaten-up fingerprint magnifier that we still had in the Division and delivered it to him, saying that we were cleaning out some junk and ran across his old glass.

EMPLOYMENT AGREEMENT

As consideration for employment in the Federal Bureau of Investigation (FBI), United States Department of Justice, and as a condition for continued employment, I hereby declare that I intend to be governed by and I will comply with the following provisions:

(1) That I am hereby advised and I understand that Federal law such as Title 18, United States Code, Sections 793, 794, and 798; Order of the President of the United States (Executive Order 11652); and regulations issued by the Attorney General of the United States (28 Code of Federal Regulations, Sections 16.21 through 16.26) prohibit loss, misuse, or unauthorized disclosure or production of national security information, other classified information and other nonclassified information in the files of the FBI;

(2) I understand that unauthorized disclosure of information in the files of the FBI or information I may acquire as an employee of the FBI could result in impairment of national security, place human life in jeopardy, or result in the denial of due process to a person or persons who are subjects of an FBI investigation, or prevent the FBI from effectively discharging its responsibilities. I understand the need for this secrecy agreement; therefore, as consideration for employment I agree that I will never divulge, publish, or reveal either by word or conduct, or by other means disclose to any unauthorized recipient without official written authorization by the Director of the FBI or his delegate, any information from the investigatory files of the FBI or any information relating to material contained in the files, or disclose any information or produce any material acquired as a part of the performance of my official duties or because of my official status. The burden is on me to determine, prior to disclosure, whether information may be disclosed and in this regard I agree to request approval of the Director of the FBI in each such instance by presenting the full text of my proposed disclosure in writing to the Director of the FBI at least thirty (30) days prior to disclosure. I understand that this agreement is not intended to apply to information which has been placed in the public domain or to prevent me from writing or speaking about the FBI but it is intended to prevent disclosure of information where disclosure would be contrary to law, regulation or public policy. I agree the Director of the FBI is in a better position than I to make that determination;

(3) I agree that all information acquired by me in connection with my official duties with the FBI and all official material to which I have access remains the property of the United States of America, and I will surrender upon demand by the Director of the FBI or his delegate, or upon separation from the FBI, any material relating to such information or property in my possession;

(4) That I understand unauthorized disclosure may be a violation of Federal law and prosecuted as a criminal offense and in addition to this agreement may be enforced by means of an injunction or other civil remedy.

I accept the above provisions as conditions for my employment and continued employment in the FBI. I agree to comply with these provisions both during my employment in the FBI and following termination of such employment.

Dear Mr. Gray:

I am most grateful for the rating of Outstanding which you approved for my services during the rating period of April 1, 1972, through March 31, 1973. It has been a distinct privilege to serve under your leadership during practically all of this rating period and I shall always be indebted to you for your personal friendship, as well as your able leadership of the FBI.

Thank you also for the photograph with the very nice and personal inscription taken during the pleasant visit by Ruth and me with you on my Thirtieth Anniversary. As you so well know, a good wife plays a major role in the career of most men and I think this is uniquely true in the FBI.

Sincerely,

Fletcher (Thompson)

Dear Mr. Gray:

Last weekend was a memorable one for my family and me. In spite of your current heavy demands you and Mrs. Gray found time to attend and participate in the FBI Vesper Service. Then on Monday you were gracious enough to visit with Ruth and me in your office and to be photographed with me as you presented my Thirty Year Key. Thank you so much.

Thanks also for the photograph which you were kind enough to autograph and which was delivered on my anniversary date.

It is a privilege to be associated with you here at FBI Headquarters.

Sincerely,

Fletcher (Thompson)
